

YASH FULSUNDAR

+91 9028199891 yashfulsundar12@gmail.com [LinkedIn](#) [GitHub](#)

Technical Skills

Programming Languages: Java, Python, JavaScript

Web Development: HTML, CSS, Bootstrap, Django, MERN

Database: MySQL, SQL

Core Skills: Data Structures & Algorithms, Object-Oriented Programming

Tools: Git, GitHub, VS Code

Education

Parvatibai Genba Moze College of Engineering, Pune

B.E. in Computer Engineering

2025 - 2028

8.0+ CGPA (Expected)

Samarth Polytechnic, Belhe

Diploma in Computer Engineering

2022 - 2025

86.74%

Shivanjali Vidhya Niketan, Chalakwadi

SSC (Class X)

2021 - 2022

84.60%

Experience

Sumago Infotech Pvt. Ltd.

Full Stack Python Development Intern

Jun 2024 - Jul 2024

- Developed dynamic and responsive web applications using **Python, Django, HTML, CSS, Bootstrap, and JavaScript**.
- Implemented server-side functionality using **Django** and integrated database operations using **SQL**.
- Designed user-friendly interfaces and responsive layouts using **HTML, CSS, and Bootstrap**.
- Developed and integrated **CRUD operations, forms, authentication**, and other web application features.
- Collaborated with team members to develop features, debug issues, and improve application functionality and performance.

Projects

Intelligent Traffic Control System Using Object Detection

2024 - 2025

- Developed a real-time traffic monitoring system using **YOLOv3** object detection to identify vehicles from traffic camera feeds.
- Implemented traffic density analysis to dynamically adjust traffic signal timing and support congestion reduction at intersections.
- Utilized **Python, OpenCV, TensorFlow, and Computer Vision** techniques for vehicle detection and image processing.
- Designed data visualization modules to analyze **vehicle count, traffic flow, and signal timing optimization**.
- Developed a smart traffic management approach enabling real-time traffic analysis and adaptive signal control.

Achievements

- 3rd Place Winner – **GMRT Project Competition** for Intelligent Traffic Control System
- Published research papers on **Intelligent Traffic Control System**
- Certificate in **Full Stack Web Development** – Sumago Infotech Pvt. Ltd.
- Participant – **Technomeet 2026**
